I just received this. I talked to Jackie who recommends I draft a response in writing, which she'll review. I'll call you to discuss next steps.

This strikes me as more of a reaction to the ongoing Superfund cleanup and decisions made under that process as opposed to regulatory violations. I'm looping in Enrique and Hunter's Point RPM Lily Lee.

>
> There is an unscrupulous/unethical devloper in San Francisco, LENNAR,
> that is currently "developing" a portion of San Francisco called,
> "Hunters Point." Hunters Point use to be a shipyard and U.S. Navy
> repair facility for Navy Ships and various other equipment. Hunters
> Point has been sitting vacant for many years and for good reason--it
> is heavily contaminated with toxic substances and chemicals, including
> radioactive substances.

>
> Recently, developer Lennar has been developing the Hunters Point site
> for residential and commerical development.
> As previously stated, the problem with this site is that it is highly
> contaminated with numerous toxic substances and chemicals for at least
> 50 years. There is no safe way to remove these toxic substances from
> the Hunters Point site and these toxic substances shall remain at
> Hunters Point, in the land, water and air, forever! It has been duly
> documented about the toxic chemicals and substances that remain on the
> Hunters Point site. The department of the Navy has vast information
> about the CONTAMINATED AND UNUSEABLE LAND THAT OCCUPY'S THE HUNTER'S
> POINT SITE!

>
> Lennar plans to build many residential apartment structures on the
> land at Hunters Point. These cluster apartment structures on the
> Hunters Point Site are unsuitable and unliveable for people and their
> kids. This land at Hunters Point is an UNSAFE Environment for any
> human to live on. The people and their small kids that occupy the
> cluster apartments at Hunters Point will surely get physically sick
> and their lifespan(s) will be drastically shortened because of the
> toxic substances that are located in their "new" neighborhood at
> Hunters Point. On line, at various websites, it has been documented
> that Lennar has already committed numerous violations of Environmental
> Law at the Hunters Point Site. Lennar also has been sued as well for
> these Environmental Violations. Lennar has not BEEN PUNISHED YET FOR
> THEIR VIOLATIONS OF ENVIRONMENTAL LAW.

>
> Unscrupulous/Criminal developer Lennar is also about to undertake the
> worst development idea in the history of California--the Destruction
> of Candlestick Park, the parking lot and adjacent land! Candlestick
> Park is located about one mile from the Contaminated Hunters Point
> site. There is a body of water called, "Yosemite Slough" that is

> area at Candlestick Park (on the north side of Candlestick Park).
> There is a sign located at the north shore of Yosemite Slough that was
> placed by the Environmental Protection Agency that states, "...the
> water, soil and mud in this area (in and around Yosemite Slough) is
> CONTAMINATED WITH TOXIC AND HAZARDOUS CHEMICALS AND SUBSTANCES and you
> should not touch the soil, mud or the water..." Lennar plans to
> DESTROY CANDLESTICK PARK, the parking lot and the adjacent land
> (overflow parking area) and build cluster apatment and concrete

>
> The land in and around Candlestick Park has also been documented to

> THAT CAUSED THEM HARM!

>
> The Environmental Protection Agency, has a job and duty, to

>
> Action must be taken IMMEDIATELY to STOP any further development by
> Lennar at Hunters Point and STOP LENNAR FROM STARTING ANY DEVELOPMENT
> at Candlestick Park and grounds. Eminent Domain Proceedings must be
> fiiled IMMEDIATELY by the Environmental Protection Agency and/or the
> city of San Francisco so that Candlestick Park, the parking lot and
> adjacent land cannot be developed or destroyed by LENNAR OR ANY OTHER

>
> The acton that the Environmental Protection Agency is obligated to

> BLOWING IT UP!

>
> AS YOU CAN PLAINLY SEE, TIME IS OF THE ESSENCE IN THIS VERY IMPORTANT

> Thank you for your prompt attention and prompt action against LENNAR
